

Youth Encounter Adult Leadership Seminar

Part 1: Principles for Effective Youth and Family Ministry

This session will look at issues involved in being an effective leader with adolescents. We will look at the qualities of a leader and some core principles that are transferable to every context. Whether you are a professional or volunteer, you will walk away with encouragement to be more focused and intentional as a caring adult who can impact the next generation for Christ.

Part 2: Building A Faith that Matters

This session will address the issues involved in building a faith in teenagers that goes beyond simply attending youth group events. How do we help shape, develop and nurture a faith that integrates to their real world? What are the barriers to effective discipleship with teenagers? How can we fight the significant drop-out rate we are experiencing in our ministries?
